Dear Sir

I have been requested by some of your friends here to write to you and let you know that their best endeavours will be used to procure you a chair in the vacant professorship in the University. If you are willing to come please do it very soon and this point you must give them positive assurance that you will accept the appointment if made.

I do not think you have much to fear from your competition so far as these are concerned. I hardly know of one who has been successful. There are places of this kind which have no professor and others which have only one.

My respects to Mr. & Madam Douglass
